

Center for Health Decision Science • Harvard School of Public Health

Please join us for a Health Decision Science Seminar at

12:30 p.m. on Friday, March 11

2nd Floor Conference Room, 718 Huntington Ave

Tuba Tunçel

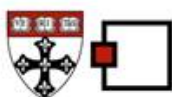

PhD Candidate Toulouse School of Economics, U of Toulouse

*Should Off-Label Drug
Prescriptions Be Prevented?
Empirical Evidence from France*

We investigate physicians' prescription decisions over approved vs. off-label drugs in treatment of alcoholism, anxiety and depression using French data on exhaustive prescriptions of a representative sample of general practitioners and we estimate counterfactuals in case off-label drugs are not in the choice set of physicians.

Pizza will be served. Please RSVP to cbell@hsph.harvard.edu
