*UICC Global Task Force on Radiotherapy for
Cancer Control: A Radiotherapy Investment
Framework*

The Union for International Cancer Control has assembled a task force over the last year to quantify the cost and capacity needed to close the gap in access to radiotherapy globally. This presentation will be an interim report of the methods and preliminary findings of the health and economic benefits of investment in radiotherapy capacity in low- and middle-income countries.

Pizza will be served. Please RSVP to cbell@hsph.harvard.edu
